A15S MIRACLE MASSAGE CHAIR

Intelligent Voice Control System

Equipped with high-fidelity audio system on both sides of the head, and built-in Bluetooth chip. Via voice commands, turn on the voice control mode, according to the system tips, select the automatic massage program you want.

USB

Equipped with two sets of 5V / 2.1A fast charging ports, you can charge two different electronic devices while massaging.

24 Automatic Programs

Four selected programs to enjoy the ultimate massage experience. Zone mode, Theme mode, Treatment and Music Therapy (The programs can synchronise the rhythm of massage with the rhythm of music).

S&L Track

The 130cm long S&L track allows the back roller arms massage from the head to the buttocks; it has greatly increased the reachable parts of the back 3D mechanism. The back track design is based on human body curve which makes shoulder and waist massage more in place.

Foot Rest Massage

The calves and soles are equipped with 4 rows of rollers, combined with the airbag system, which provides a deep scraping massage to stimulate the acupuncture points and nerves on the soles and calves, deeply release fatigue on foot rest.

Intelligent height detection

It can automatically detect user and track's height while matching user's body shape. The leg rest can automatically detect user's leg and adapt to their leg length.

A15S MIRACLE MASSAGE CHAIR

NEW UPGRADED 3D MECHANISM

Inspired by the design of sports cars, A15S has a modern design. As a high-end product, it adopts a series of new technologies, bringing double strong performance and comfort.
